Section 8. Notification of Property Owner or Their Agent

Following each meeting the recording secretary will notify the property owner or their agent in writing of the decision of the committee.

ARTICLE X TREES

Trees are a vital part of the flora, fauna, and beauty of the Arrowhead Woods area. Trees provide shelter and food for wildlife, including, insects, birds and mammals. Trees provide shade, oxygen, conserve energy, and help to prevent water pollution and soil erosion. Trees muffle sounds, mask unsightly views, absorb dust and wind, and reduces glare and UV-B exposure. Trees increase property values. It is for these reasons that AWAC is committed to preserving the forest of Arrowhead Woods.

Subject to the provisions of the Covenants, Conditions & Restrictions (CC&Rs) and the Corporation Quitclaim Deed, prior consent of the committee is required before property owners remove, prune, shape or in any way alter trees within Arrowhead Woods. The committee may impose a damage assessment for any unapproved removal, pruning, shaping or in any way altering trees within Arrowhead Woods.

Due to the wide variety of trees, location, conditions and other mitigating factors, determining a damage assessment for unapproved tree trimming or removal may be difficult to assess. Therefore, the following procedure is implemented to calculate the damage assessment in a fair and reasonable manner giving the property owner every opportunity to defend their actions.

Section 1. Hearing

The owner of said property will be given at least (15) fifteen days written notice of (i) the hearing date set for consideration by AWAC of imposing a damage assessment and (ii) reasons therefor. The owner or counsel for the owner may appear at said hearing and provide a defense and/or evidence regarding the matters resulting in the notice of the hearing.

Section 2. Damage Assessment

The following guidelines are established for damages assessed for trees which have been removed, pruned, shaped or in any way altered without prior consent. The following amounts are the maximum amount that can be imposed. The committee may impose a lesser assessment taking into consideration the health of the tree, the location, hazards presented by the tree, requirements or recommendations by insurance carriers and/or government entities, in writing, and defense and/or evidence provided by the owner.

1. Unauthorized Tree Removal

The diameter of the tree is measured at 4 ½ feet above the ground from the lowest point of the exposed trunk. In instances where the tree has been removed completely, the diameter of the remaining stump will be used to determine the size.

<u>Size in Diameter</u>	<u>Amount Per Tree</u>
6 to 12 inches	\$5,000
13 to 24 inches	\$10,000
25 inches or more	\$20,000

Assessed Damages will be doubled for any tree removed to enhance or create a lake view.

2. Trees pruned, shaped or in any way altered without AWAC approval

Assessed damages will be calculated by the number of branches pruned, shaped or altered on a per branch basis. The tree will be assessed for the number of branches removed and as assessed damage will be given to each branch as follows:

\$100 per branch or

\$500 per branch if the pruning, shaping or altering was done to enhance or create a lake view.

Section 3. Expenditure for Damages Recovered

1. Expended for restoration of trees on the specific property if possible.
2. Education, reforestation and forest protection of the forest in the tract where the damage occurred.
3. Protection of forest in Arrowhead Woods
4. Reimbursement to committee for costs incurred.

ARTICLE XI MISCELLANEOUS
